For the OU4 discussion proposed for Thursday afternoon can we meet at the site field office say @ 2 pm sharp and wrap up by 4 pm sharp? We will not need to go on site.

I know we haven't formally scheduled anything but let's try and discuss the afternoon of Aug 6? Perhaps at Yerington field office? Would be helpful to have maps of sample location available as well as data tables.

Dave and Jeryl,

Attached are the groundwater and geotech data summaries for OU4a Phase 1a field activities. These results are draft and un-validated at this point but are being provided for discussion purposes. Please let me know how you would like to proceed with these discussions.

Thanks,

-jack
